STECCAWOOD decorative battens

Create your look

STECCAWOOD decorative battens

STECCAWOOD provides a warm and rich texture appearance for a wide variety of panelling, ideal for wall and ceiling applications in either a vertical or horizontal setout, STECCAWOOD battens create strong directional lines that will add a striking feature to any internal commercial space.

Made from E-Zero MDF and wrapped in decorative overlay STECCAWOOD battens impart the realism, warmth and character of timber, providing a durable and cost effective solution.

Colour Range

The colours and details shown in this guide are to the highest standards in printing. However, they should only be used as an indication of actual product colour. To order your free colour sample visit www.polytec.com.au.

polytec swatches and samples represent a small area of the overall colour structure, to view the large colour sample, visit www.polytec.com.au.

The use of our current colour samples gives the colour and finish that a customer would expect to receive. polytec does not guarantee exact colour matches across product ranges due to colour variation in each product group.
